Intermediate (Commerce) – Government Model Senior Secondary (GMSS) School, Sector 47-D, Chandigarh.	
<b>MATRICULATION</b>	2018
Government Model Senior Secondary (GMSS) School, Sector 47-D, Chandigarh	

## SKILL

- **Languages & Markup :** HTML5, CSS3, JavaScript (ES6+)
- **Frameworks & Libraries:** React JS, GSAP
- **Styling & UI:** Tailwind CSS, CSS Flexbox, CSS Grid, Responsive Design
- **Version Control:** Git, GitHub
- **Tools & Platforms:** VS Code, Chrome DevTools, Figma (for UI/UX design)
- **Web Animations & Interactivity:** GSAP, DOM Manipulation, Event Handling
- **Performance & Optimization:** Cross-browser compatibility, Mobile-first design, Page load optimization
- **Problem-solving & logical thinking**
- **Attention to detail in UI design**
- **Continuous learning and upskilling**
- **Team collaboration & communication**

## PROJECTS

---

- **Instagram Clone** – Built a clean, responsive Instagram UI using React JS & Tailwind CSS. Focused on component reusability, smooth interactions, and mobile-first design.  
[Explore Code](https://github.com/Sadhnagautam25/Instagram-UI-using-React-JS-Tailwind-CSS-) <https://github.com/Sadhnagautam25/Instagram-UI-using-React-JS-Tailwind-CSS->
- **Animated Landing Page** – Developed a dynamic landing page using GSAP (GreenSock Animation Platform) for interactive UI animations.  
[Explore Code](https://github.com/Sadhnagautam25/Animated-Landing-Page-Using-GSAP-) <https://github.com/Sadhnagautam25/Animated-Landing-Page-Using-GSAP->
- **Login Website** – Created a responsive login interface using React JS, ideal for authentication systems and learning React.  
[Explore Code](https://github.com/Sadhnagautam25/Project-05-Login-Website-Using-Reat-JS) <https://github.com/Sadhnagautam25/Project-05-Login-Website-Using-Reat-JS>
- **WhatsApp UI Clone** – Recreated WhatsApp's interface using HTML5 & CSS3 only, focusing on front-end craftsmanship and pixel-perfect design.  
[Explore Project](https://github.com/Sadhnagautam25/Whatsapp-clone) <https://github.com/Sadhnagautam25/Whatsapp-clone>
- **Amazon Clone (E-commerce UI)** – Built a modern, responsive e-commerce interface inspired by Amazon, using HTML5 & CSS3 only.

## PORTFOLIO & WORK

---

Although I am a fresher with no formal industry experience, I have actively worked on multiple frontend development projects to strengthen my practical skills. All projects are self-designed and developed using modern frontend technologies and demonstrate my ability to build responsive layouts, interactive UI components, animations, and performance-focused interfaces.

These projects reflect my hands-on experience, problem-solving approach, and continuous learning mindset, and are publicly available for review:
